

UK Campsites; our guide to all those we have visited

Return to main [Camping in UK page](#)

Return to [Travel and holidays page](#)

This page provides details, with a few comments from us, of campsites we have visited in the UK and the year of our visit(s). To see full details and itinerary and loads of pictures note the year written by the listed name then find that year on on the main [Camping in the UK page](#)

Information on this page is often from the excellent online [UKCampsite](#) guide.

Many sites were from the [Camping and Caravan Club](#) book and (from 2020) the [Caravan and Motorhome Club](#). Its sites are open only to members. Most are small sites with few facilities (electricity and water) and fewer than 5 pitches. All are excellent. They are not listed in the UKCampsite guide so appear different in the list below.
