My research and education

All my publications
Biochemistry of Methylotrophs 1982 (My book)
My main Research and teaching page; has full research descriptions
Main PQQ page
My research career
My science education index page

General science

General Science index page
My astronomy page
The stars
My microscope page
Map projections
Testing treatments by Ben Goldacre
Science history
Photosynthesis
The 2002 PQQ Symposium
Solution of the Serine pathway
Rod Quayle Royal Soc memoir
Howard Dalton Royal Soc Memoir

Presentations about my research Many from lecture in UEA and in Tirupati

Summary of Presentations of my research
Powerpoint summaries of all my research
The story of methylotrophs in 40 slides
History of methanotrophy
Growth on C2 compounds
ntroduction to metabolism
Methylotrophs
Oxidation of methanol etc in methylotrophs
Cytochromes
Assimilation pathways
Growth yields
Amine oxidation
Serine cycle

Microbial physiology
Electron transport in bacteria
Fermentation

Personal

My family (with Christmas letters
My Forster cello
James Cervetto (2st owner)
My biography
My books
My bikes and cars
My research career
My CV

Music

Main music page

City of Southampton Orchestra (CSO)

CSO Main page
Complete data
Programme history
Works by composer
All our advertising flyers
Programme notes

Holidays

IHolidays
My Guide to France campsites
France all itineraries
Camping in UK
My guide to UK campsites

International travel

India diaries 1984 - 2015
Moscow 1990
China 1986
Japan 1991

Miscellaneous

Nikon instructions
University of Southampton

History

History
Science history
Music history

Medical

Medical advice
Alternative medicine, nutrition and bad science
